

Raindrop Apron

All aprons are off-white. Colors may vary on the waistband and buckle.

This apron provides an easy way to have the oils close at hand while you are ministering Raindrop Technique. There are 10 small pockets that hold the 9 basic Raindrop Oils (15 ml). Place the oils, in the order used, in the pockets leaving the first pocket on the left open. After you use an oil, place it in the open pocket to the left. Thus...remembering which oils you have used. There are two large pockets for V6 Mixing Oil and Ortho Ease. All pockets are open at the bottom to add ease in taking the bottles out. The waistband is adjustable. Machine washable.
